

# WHERE AND WHEN CRUISING?

CroisiEurope offers cruises every month of the year! You'll find that each season will have its own unique pleasures and romantic charm:

## FEBRUARY • MARCH

In February and March, enjoy mini-breaks in Paris, join the Venetian Carnival or enjoy the warm weather of Spain or Naples.

## APRIL

Holland is the place to be with the famous gardens at Keukenhof, Holland, where you'll enjoy over 7 million brilliant and breathtaking tulips, daffodils and hyacinths, filling the air with color and fragrance.

## MAY • JUNE • JULY • AUGUST • SEPTEMBER

A perfect time to explore any European River from France, the Rhine in Northern Europe, the Danube in Central Europe all

the way to the Black Sea. The Mediterranean destination offers vineyards and countryside gardens are in full, fragrant summer bloom and fruit.

## AUTUMN

Enjoy quieter months to explore all destinations avoiding the crowds with still warm weather near Mediterranean and Croatia.

## WINTER

We also offer special Christmas Markets, Christmas and New Year cruises. These holidays are, historically, richly festive times in Europe, so you'll have a chance to experience this time of year in a whole new way.

## AWARDS

## ECO-FRIENDLINESS

European countries have long been in the forefront of eco-friendly practices, and CroisiEurope is proud to have been a pioneer in this field since well before these practices became standard. Our commitment to the environment goes far beyond legal requirements.

### WATER

We have installed water savers on all the boats, resulting in a 35% saving in drinking water and a 35% reduction in waste water.

All ships are fitted with waste-water disposal systems which are emptied, at stopover points, into designated urban sewerage network and/or water treatment stations. We do not dump waste into our oceans or rivers.

The undersides of all our boats are painted with non-polluting components.

### AIR

Our ships are equipped with engines that meet the latest and most stringent European pollution control standards, and thus reduce greenhouse gas emissions.

Onboard technology allows cruising that minimizes diesel consumption.

We have installed systems compatible with on-land electric mains.

### ELECTRICITY

Many of our ships are fitted with electricity-saving equipment.

We winter our ships in a river port with stationary generators and high-voltage dockside socket boxes, which reduce noise and pollution.

### WASTE AND CLEANING

Paper, plastic and glass waste is sorted and compacted onboard, and then recycled.

Waste oils are saved and processed by specialists in port.

We use biodegradable and green cleaning products.

### NOISE

Our machinery room ventilation is insulated, to minimize noise pollution when docked.

### MARKETING

CroisiEurope is proud to be associated with Imprim'vert, an organization which obliges printers to follow ecological values and processes which protect the environment.

All CroisiEurope communication documents are printed on unbleached paper and we use only plant-based inks.

### FUTURE

Forthcoming green projects for our company include:

Electrically-propelled boats

Better control of water consumption on board

Reduction of waste by opting for re-useable packaging
